Hi Maryann,
It was nice to see all you have done with the library.

We would be honored to assist you in completing the windows.

The cost for the door and window in the office is \$325.00. That includes installation.

The cost for the mini blinds for the 2 large windows is \$1425.00

We will not be able to install them ourselves.

The cost for the roller shades for the 2 large windows is \$1475.00

We are unable to install these ourselves.

We look forward to hearing from you.

Diane and Phyllis
