Bicycle Shaped Bike Rack

Made for One or Two

Simple and clever bike parking. Instantly add functional landscape art to facilities with the creatively shaped Bicycle Bike Rack. The minimalistic all-steel bike rack welcomes all riders and provides them a safe, memorable space to park.

Constructed with 11 gauge 1-1/2" O.D. steel tubing, the MIG welded Bicycle Shaped bike rack features capped ends and sealed welds. This design helps prevent moisture from collecting inside the structure, ensuring top structural durability. The U-Lock compatible Bicycle Shaped bike rack offers safe, efficient bike parking for 2 to 4 bikes.

Model BB-FT-EPX

Galvanized Finish

The hot dip galvanizing process results in an effective corrosion resistant surface with multi-varied spangle appearance.

Powder-Coated Color Options

Finish Options

The state of the art finishing process used on the bike rack combines the application of an 'Electrocoat Zinc Rich Primer' with a durable polyester powder-coat top layer to ensure every crevice and joint is completely sealed, providing full protection against corrosion and weathering. Bike racks are finished in either a **gloss** or **textured** polyester powder-coat finish.
