Hi Maryann,

My name is Brittany Cirrone and I am the Program Coordinator for the Levittown Secondary ESY Program. Yesterday, two of the classes from my Program had attended the trip to the Library. I just wanted to reach out and thank you, and the Library Staff for such an unbelievable experience for our students! All of my teachers and staff members were raving about the fantastic activities that were planned, and how patient and kind all of the Library Staff was with our students. We know how much hard work and time goes into planning and running these types of events, so I just wanted to reach out and thank you so much for everything! We cannot wait for the rest of the Elementary and Secondary classes to come and visit!

Have a wonderful day,

Brittany Cirrone

Hello Maryann,

Thank you so much for accommodating us and working with your staff to create such a wonderful program for our students. I really think the combination of the

innovation station and visits to the designated rooms will be a great experience.

The dates work wonderfully and we are looking forward to it. Moving forward, let me know who we should speak to about the specific innovation station tasks. Below each date you provided is a list of attendants for the days you have given us. As discussed, we will split each visiting group into two so that one group will work in their designated age appropriate library room while the other group rotates through two activities downstairs in the innovation station. Then the two groups will switch. Our staff/students will be arriving approximately 9:30 and will depart at 11:30. Thank you again for this wonderful opportunity. We look forward to working with you!
