From: Jody Manganiello ATI Technical Services Inc.
Job Name: Levittown Library
1 Bluegrass Lane
Levittown NY 11756

We are pleased to quote you on the following service, as per our discussion:

Preventive Maintenance on the Fulton's Endura-1500 NB #120819

We will remove and replace the combustion air filter.
We will remove and clean the mesh burner; we will reinstall using a new gasket.
We will remove and clean the gas venturi with a clean cloth.
We will inspect the air and exhaust venting to ensure it is clear and free of corrosion and deterioration.
We will remove and replace the probe on the low water cutoff.
We will fire off the unit and perform a combustion test using the Fulton start-up report sheet and manual as a guide
We will reinstall the boiler jacket upon completion of work.
Install the magnesium oxide x 3
Will remove all work-related debris from the jobsite

Cost..... \$3546.00 plus tax if applicable.
All parts are included.

Exclusions

- Any third-party Inspections are excluded, any required changes resulting from direction of the inspector shall be additional.
- Unless specifically indicated above, Filling fees and permits are excluded.
- If any additional work is found to be needed, a separate quote will be issued.
- Unless specifically stated, all power and / or low voltage wiring is excluded.
- Any violations/issues not pertaining to the work performed will be dealt with separately.
- Any work related to Building management system / Fire alarms / CCTV / Security systems is excluded
- Reuse existing chimney conditions
